

Large Format Film Scanning

We scan new or old large format film and glass negatives. We scan at a high resolution for printing. Scans include color, density and contrast adjustments. Minor clean up is included. For heavily damaged, scratched or water damaged negatives we can quote a price for digital restoration per negative.

Negatives, Reversals and B&W films above 6x7 format

\$20.00 per scan + \$6.00 CD burn charge

Scanning does NOT include price for any prints ordered from scans
